

# REFRIGERANT GAS DETECTOR

## **FF GF R32 REFRIGERANT GAS DETECTOR**

IEC 60335-2-40, EN 50676,  
EN 378-3, EN 14624, ISO 5149-3

## **FF GF R454 REFRIGERANT GAS DETECTOR**

IEC 60335-2-40, EN 50676,  
EN 378-3, EN 14624, ISO 5149-3

- ▶ The device detects a wide range of refrigerant gases, including HFCs and hydrocarbons.
- ▶ Utilizes IR sensor technology for reliable gas detection.
- ▶ Supports continuous monitoring for ongoing system supervision.
- ▶ The IPX2D-rated enclosure ensures reliable performance in demanding environmental conditions.
- ▶ Enables easy system integration via relay outputs and MODBUS communication.
- ▶ Optional LED indicators and an audible buzzer provide clear and immediate alarm notification.
- ▶ Complies with IEC 60335-2-40, EN 50676, EN 378-3, EN 14624 and ISO 5149-3.
